A person in the course of doing business must warn others who may consume, come in contact with or otherwise be exposed to this chemical.</p> <p>c) Indicates an employee's skin exposure shall be prevented or reduced to the extent necessary in the circumstances through the use of gloves or other appropriate equipment.</p>						
<i>SECTION 3 - HAZARDS IDENTIFICATION</i>						
EMERGENCY OVERVIEW						
Clear or pigmented liquid. Will support combustion. May cause complications if swallowed. Know allergen upon over exposure in some cases. Avoid skin contact. Inhilation of mist or liquid can cause respiratory irritation. Hazard symbols for the product - Xi Risk Phrases - R-36/38						
POTENTIAL HEALTH EFFECTS						
INHALATION: No significant adverse health effects are expected to occur upon short-term eposure. Prolonged exposure to mists may cause an allergic reaction. Mists are defined as liquids that are in vaporous form. This would not be how the material is desigend to be used or applied.						

All information contained herein is accurate to the best of the knowledge at Nailite.

Known to **not** be a **carcinogen**.

SECTION 4 - FIRST AID MEASURES

INHALATION: In case of exposure to a high concentration of vapor or mist, remove person to fresh air. If breathing has stopped, administer artificial respiration and seek medical attention. There has never been any incidence of any inhalation incidence known to the manufacturer.

SKIN: Remove contaminated clothing and wash contact area with soap and water for 15 minutes. Particular attention should be paid to hair, nose, ears and other areas not easily cleaned. See section 8 . Note to physician: effects can be delayed 24-48 hours.

EYES: Flush with plenty of water for at least 15 minutes and seek medical attention.

INGESTION: If appreciable quantities are swallowed, seek medical attention.

SECTION 5 - FIRE FIGHTING MEASURES

GENERAL HAZARDS: Product will support combustion. Products of combustion will include compounds of carbon, nitrogen and oxygen including carbon monoxide.

EXTINGUISHING MEDIA: Carbon dioxide, water fog, dry chemical and chemical foam.

FIRE FIGHTING PROCEDURES: Firefighters must wear a full-face self-contained breathing apparatus in positive pressure mode. Do not use solid stream of water since stream will cause fire to scatter and spread fire. Fine water spray can be used to keep fire-exposed containers cool.

UNUSUAL FIRE AND EXPLOSION HAZARDS: Closed containers can explode due to build-up of pressure due to extreme heat.

HAZARDOUS COMBUSTION PRODUCTS: Smoke, fumes, oxides of carbon, nitrogen containing compounds.

SECTION 6 - ACCIDENTAL RELEASE MEASURES

STEPS TO BE TAKEN IN CASE MATERIAL IS RELEASED OR SPILLED: WILL SUPPORT COMBUSTION. Do not wash to sanitary sewer. All spills can be polymerized into a plastic with the use of UV light source: sunlight, UV light lamp. If no light source is readily available, use a trowel or shovel to gather the material into a container, transport to a UV light source and polymerize. Polymerized material can be disposed of in accordance with local, state and federal regulations.

SECTION 7 - HANDLING AND STORAGE

PRECAUTIONS TO BE TAKEN IN HANDLING AND STORAGE: Keep container closed when not in use. Protect containers from abuse. Do not expose containers to UV light (including sunlight), peroxides or other free-radical reaction initiators. Do not expose material to temperatures in excess of 60 °C. Do not expose to open flame. This material will support combustion. Keep this material and all chemicals out of the reach of children. Avoid prolonged contact with skin, mucous membranes, eyes, open wounds,

PROTECTIVE GLOVES: Nitrile, neoprene, or latex. For large quantities, long neoprene glove are required with cuffs.
EYE PROTECTION: Safety glasses or splash goggles. For large exposure situations, a full-face splash shield is required.
OTHER PROTECTIVE CLOTHING OR EQUIPMENT: Safety eyewash station.
WORK / HYGENIC PRACTICES: Always practice safe workplace habits. Minimize body contact with this as well as all chemicals in general.
